## **KTS 350**

The new generation of vehicle diagnostic solutions powered by ESI[tronic]

# KTS 350: advanced diagnostic technology – in one compact device

The new KTS 350 is a compact all-in-one tester consisting of a 10-inch tablet PC and an integrated communication module. Thanks to this versatile solution, the KTS 350 is ideally suited as a tester for independent workshops, fast fitter or as a second device for mobile use. With the preinstalled Bosch diagnostic application ESI[tronic] 2.0, the KTS 350 provides an efficient overall package for control unit diagnosis, maintenance, troubleshooting and repair.

## The benefits of the KTS 350 at a glance

- ▶ Mobile all-round solution: control unit diagnosis, troubleshooting, repair and maintenance
- ▶ Support of all current and future vehicle interfaces based on Ethernet, in parallel operation of several BUS systems and is therefore perfectly prepared for the future demands of the automotive environment
- ▶ The KTS 350 supports the PassThru-Technology. This allows you to reprogram the control units via the portals of the vehicle manufacturers according to Euro 5/6
- ▶ With a boot up time of 45 seconds, the tool is ready to use and saves time during each service.
- ▶ Plug & play through the pre-installed and configured application ESI[tronic] 2.0 for optimal possible operations
- ▶ Thanks to the improved processor & modern SSD technology a quick system start and efficient working is possible. You gain valuable time in your daily work life
- ▶ Regular online updates available
- ▶ Windows 10 operating system allows easy installation of additional applications

## Technical data

### Specifications

Vehicle protocols	ISO 15031, ISO 22900, SAE J2534-1 and -2 (PassThru), ISO 9141-2 (K and L), SAE J1850 VPW and PWM, CAN ISO 11898, ISO 15765-4 (OBD), CAN Single Wire, CAN Low Speed, ISO 13400 (Diagnostics over IP), other vehicle-specific protocols
Operating system	USB 2.0, Bluetooth® Class 1
CPU	Intel® Celeron® N3160 1,6 (2,24) GHz, Quad Core
RAM	4 GB DDR3
Mass storage	256 GB SSD

Display	10,1" TFT Touchscreen, 1024 x 600 dpi
Battery	Lithium Ion. 5200 mAh @7.2V
Wi-Fi	Bluetooth 2.1 Power class 1 and Wi-Fi IEEE 802.11 b/g/n
Interface	2 x USB 3.0, LAN 10/100 Mbit, VGA, Audio
Dimensions/Weight	361 x 222 x 49 mm (W x H x D),, Approx. 2 kg
External DVD drive	Available
OBD diagnostic line	1,8 m with power supply of vehicle
